SPECIAL EDITION - June 2008

Congrats on Another Great Year!

Congratulations to our 8th Graders and our Seniors who are now ready for the next big step, high school and college! We have had a terrific 4th quarter and students are getting ready for final exams and future plans. From everyone at Horizon Honors, "Thanks for another great year!"

Dress Code for 2008-2009!

Hot off the presses... here is our new 2008-2009 dress code! This is a very important document for your family to use when you start your back-to-school shopping for next school year. Our School Improvement Team worked all year going over the survey data and came up with a compromise that is going to allow for some additional options for school clothes. This should also make finding clothes easier while you are in the stores this summer. You will also notice that the code is shorter and more concise, which is a request we heard from many of you.

Please read the entire dress code. The biggest change is that **non-collared shirts do not need to be tucked in**. For our young ladies, that means that your baby-doll blouses and layered tops without collars will be able to be worn to school. Just be sure that they are long enough and have high enough necklines to meet the requirements. It is also important that you wear shorts and skirts that are long enough; check this before you leave the stores.

For the gentleman, **you will be able to wear t-shirts without tucking them in**. The main thing you will need to remember is that they cannot be undershirts. We will not allow shorts or pants that are baggy and your undergarments cannot show even when you are sitting down.

Our dress code still does not allow non-HCLC

pictures, letters, numbers, or logos on any shirts, but in our scouting out the stores we have found many non collared shirts in lots of colors and prints that will work for school. They are also available at many stores and in every price range.

The most important thing to remember when you are looking for clothes is to find things that meet the dress code. This way you will have no issues with consequences at school for what you are wearing. We will do everything we can to be consistent and strict in our enforcement of this dress code. Teachers will send students to the office if they have a question about what they are wearing and a decision will be made by administration about whether the article of clothing works for school or not. This wastes valuable class time and if we have to call home for a change of clothes it can take parents out of work. Students will not be allowed to return to classes until they are in dress code. Repeated dress code violations will mean more serious consequences because we will see that as an act of insubordination. We do not want anyone in this situation, so please choose clothes that are in compliance.

Enjoy a wonderful summer break and have fun shopping!

HCLC Dress Code Rationale

Every student has intrinsic worth based upon who he or she is and not what he or she wears. HCLC wants to create an environment in which each student can develop those innate qualities, focus on learning, and contribute in a positive way to the community. Cultural pressures related to clothing choice can distract students and undermine that positive environment. The adopted dress code encourages self-discipline, safety, and modesty and will still allow students to be creative in exercising choice.
